

FAZA SYAQUILLE SUNY

081281092127 | sunyfaza@gmail.com | linkedin.com/in/fazasuny | https://fazaporto.netlify.app/

Jakarta, Indonesia

Electrical Engineering graduate with hands-on experience in IT support, cloud computing, networking, and technical troubleshooting. Experienced in working with cloud platforms, Linux/Windows environments, and resolving technical issues. Familiar with infrastructure monitoring, system administration, and deploying applications in cloud environments. Strong problem-solving and communication skills with an interest in cloud infrastructure and technical support.

Education

Universitas Jenderal Soedirman - Jakarta, Indonesia

Aug 2022 - Aug 2026

Bachelor of Electrical Engineering, 3.66/4.00

- Technical Project Contributor : Worked on IoT, cloud-based monitoring, and data-driven systems.
- Teaching Assistant Programming : Assisted programming laboratory sessions, guided students in solving coding problems, and provided technical troubleshooting support.
- Teaching Assistant Telecommunication Concepts : Assisted laboratory sessions and guided students in understanding telecommunications and networking fundamentals.

Work Experience

PT SATRIA TAMA ENERGI - Jakarta, Indonesia

Jan 2026 - Feb 2026

Internship

Solar PV Monitoring Dashboard

- Assisted in developing a full-stack solar PV monitoring dashboard for real-time visualization of electrical and environmental system data.
- Worked with a Python FastAPI backend to expose REST APIs for PZEM, DDSU, SHT, and device data.
- Implemented data retrieval and periodic updates for sensor monitoring using REST API and React Query.

Flos Indonesia - Temanggung, Indonesia

Aug 2025 - Dec 2025

Internship

- Developed an IoT-based aeroponic monitoring system using ESP32 and environmental sensors.
- Integrated sensor data collection and transmission with Firebase for centralized data storage and monitoring.
- Troubleshoot issues related to hardware, connectivity, sensor data, and system integration.

Hermia Hospital - Bogor, Indonesia

Jul 2024 - Aug 2024

IT Support Internship

- Provided technical support for hardware, software, and network-related issues.
- Troubleshoot and resolved technical issues reported by users.
- Assisted with system maintenance and troubleshooting to ensure operational availability.

Organization Experience

HMTE UNSOED - Purwokerto, Indonesia

Jan 2022 - Dec 2023

Head of PSDM Division

- Led and managed a team of 8 members in planning and executing 5 organizational programs.
- Coordinated team responsibilities, timelines, and program execution to ensure deliverables were completed effectively.
- Coordinated a Student Orientation Program involving 150 new students and 100 committee members, ensuring effective communication, task delegation, and smooth program execution.

Electrical Engineering Anniversary Event (Dies Natalis Teknik Elektro) - Purwokerto, Indonesia

May 2023 - Dec 2023

Logistics Committee

- Coordinated logistics and equipment preparation for 4 event programs, working with a team of 15 committee members.
- Prepared, organized, and ensured the availability of equipment and materials required for each event.
- Coordinated with committee members to ensure logistics were ready and available throughout event execution.

Certification, Projects

- **Deep Learning Fundamentals**  (2025): Dicoding
- **Monitoring in Google Cloud Skill Badge**  (2026): Google Cloud
- **DevOps Fundamentals**  (2024): Dicoding

- **Aeroponic IoT Monitoring System Project** (2025): Developed an IoT monitoring system using ESP32, environmental sensors, and Firebase to collect, transmit, and store real-time environmental data. Implemented data processing and monitoring to support plant growth condition analysis.
